2				

Two tactical formations of four alert planes each were parked on the eastern end of the E-W runway. These planes did not participate in the practice flights. The numbers on the planes could not be ascertained but it was seen that they were red two-digit and four-digit numbers. No planes with blue or black numbers were seen at the field during the period of observation. (2) The single-engine low-wing monoplanes with in-line engines had a cockpit which began about in line with the middle of the wings and tapered into the fuselage toward the rear. (3) two searchlights mounted on two-axle rubber-tired carriages were seen on both sides of, and about 500 meters from, the east end of the

runway. No change was observed at the radio beacon on Hill 77.1. about 15 closed aircraft

crates were seen in the woods south of the east end of the runway. The following number of rail road tank cars <u>were seen on t</u>he spur track at the field

about 10 officers and 170 to 130 EM were given infantry training south of Rechlin airfield. Host of the Ell wore black-bordered blue epaulets and some wore blackbordered claret-colored epaulets. The radar set with ears which was at its previous location was not he operation. The truck parked in a shed near the radar set had no number at its rear. The landing fields of the Rechlin and Roggentin airfields were unoccupied and unguarded. There were no indications of a intended reoccupation. (5)

25X1 10. 34 swept-back jet fighters and motor vehicles 25X1B were seen on Laerz airfield.

25X1A Comments. (1)The airfield is occupied by about 50 NiG-15s. It has not been determined whether one or two fighter regiments are stationed there. -f there are two regiments it is believed that the aircraft of one regiment are distinguished by red
